

SUPERIOR CAB MATS

vw transporter T5 T6: Any Trim, any logo

From £65

vw transporter parts & accessories ltd

vwdialadapters.com

As designers, we understand the need to solve that final problem which is so frustrating when not finalised!

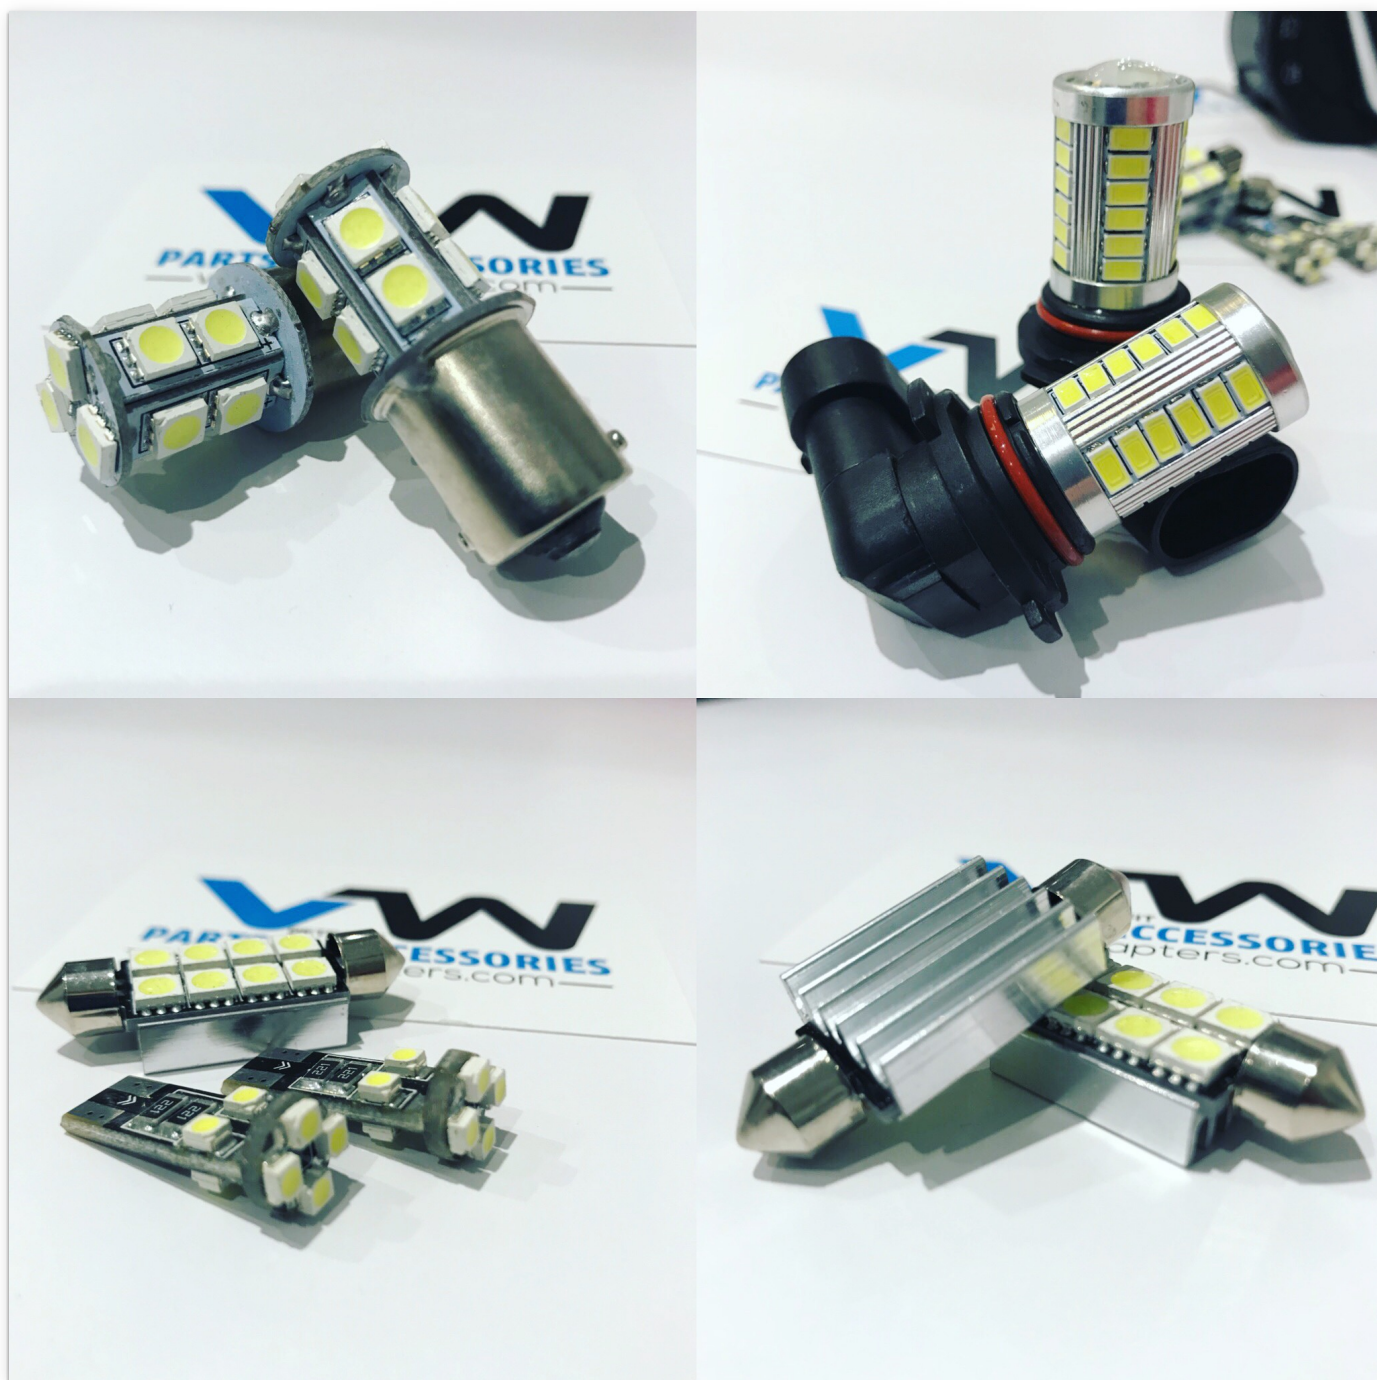

Our cab mats offer a superior grade pile with a superior grade fit and finish.

The pile is so thick, your fingers will get lost in it.

What makes the mats stand out from the others is not only the quality but the extra piece the drops back in between the seats. A solution we were hunting

out for a long time. The saying "If you can't find a solution, then either give up or solve it yourself"

Options include any colour edge stitching or embroidered logos
